

INTERNATIONAL VISIONARY SEMINAR

Ageing with a Healthy Brain: A Vision on Bridging Research and Industry

Monday 7 March, 2016

We are pleased to invite you to the International Visionary Seminar arranged by KU Leuven, Leuven.Inc, Leuven Mindgate and University of Copenhagen. The seminar will have a common focus on the potentials and possibilities within the theme "Ageing with a healthy brain" and which concrete products and services there will be a demand for the coming 5-10 years. The seminar will feature presentations from academia combined with impact speaks and insights from the industry. The afternoon will be summed up in a panel debate discussing important next steps in bridging research and industry.

SPEAKERS
